Flowcytometry Solutions conducts ONLINE FLOW CYTOMETRY COURSE “MULTICOLOR FLOW CYTOMETRY EXPERIMENTAL DESIGNING AND DATA ANALYSIS”

8th - 13th August 2020

Topics

Topic 1: Flow Cytometry Experiment Designing and Execution

Topic 2: Flow Cytometry Multicolor Panel Designing: Part 1

Topic 3: Flow Cytometry Multicolor Panel Designing: Part 2

Topic 4: Flow Cytometry Data Analysis and Presentation-Do's and Don'ts

Topic 5: Flow Cytometry Data Analysis with software using different Data Sets

Topic 6: Analysis and Discussion of Participants Flow Data, Q&A and Evaluation

Speaker

Dr. Hemant Agrawal, Director, FlowSols, India

Date & Timings

Topic	Date	Timing (IST)
Topic 1	8 th Aug	7:00 pm-9:00 pm
Topic 2	9 th Aug	7:00 pm-9:00 pm
Topic 3	10 th Aug	7:00 pm-9:00 pm
Topic 4	11 th Aug	7:00 pm-9:00 pm
Topic 5	12 th Aug	7:00 pm-9:00 pm
Topic 6	13 th Aug	7:00 pm-9:00 pm

Who Can Attend

Students, Researchers, Faculties, Technicians, Doctors, and Industry Professionals

Why to attend

This 12 hours online course will help you in learning and implementing the correct ways of flow cytometry experiment designing, panel development, data analysis & presentation. We will cover concepts like Compensation, Spillover Spreading Matrix, Stain Index etc. The third party data analysis software will be used for analyzing the different data sets.

Registration Fee

INR 800 (B.Sc/M.Sc Students/Technicians)
INR 1200 (PhD Students/Research Scholars/Postdoc)
INR 1800 (Faculty/Doctors)
INR 2400 (Companies/Industry)

USD 25 (SAARC, South Asian and African Countries)
USD 50 (Rest of the World)

International Payment

Upon registration, payment link will be shared to make an online payment.
